Md. Mahmodul Alam
Assistant Professor
Research Area

Biography

Welcome to my academic webpage! I am Serving as an Assistant Professor at the Department of Energy Science and Engineering since December 15, 2022, and having previously held the position of Lecturer, I am thrilled to share my experiences and insights with esteemed teachers, colleagues, and students.

My academic journey has been both rewarding and transformative. Beyond the classroom, my commitment extends to working for the betterment of our institution. Education is not just about disseminating knowledge; it's about fostering critical thinking, innovation, and a lifelong passion for learning.

This webpage serves as a platform to showcase my academic endeavors, research interests, and teaching philosophy. I invite you to explore the various sections to gain insights into the values that drive my dedication to education.

I value collaboration and mentorship, recognizing their pivotal roles in academic growth. My research domain includes Energy Policy, Building Energy, Thermo-fluids and HVAC&R Systems. I am ambitious to become a reputed energy researcher in domestic and global contexts.

Feel free to reach out via the provided email address. I am here to assist and excited about the prospect of connecting with fellow educators, researchers, and students. Thank you for visiting, and I look forward to the opportunity to contribute to our shared academic journey.
